TIME:	02:00 PM
VENUE:	*Druk Dradhir Khang*

#	AGENDA & DISCUSSIONS	DECISIONS
1	Present STCBL's ATR Report – PD *The PD apprised the Commission on the implementation status of 10 systemic recommendations issued to the STCBL as follows:* • *Mid-Term Review (MTR) focused on three areas: i) Revisit the Policy of Credit, ii) Physical Verification, and iii) Debtor Suspense Account.* • *The review noted that all stock movements are routed through the designated check and balance manager. In addition, monthly and quarterly reports on physical stock checks are generated and ad hoc checks are conducted as required.* • *The review found that background checks were conducted instead of declaring Conflicts of Interest (CoI). To this, the officials from the STCBL raised that the declaration of CoI is not practical as individuals may still engage in misconduct in practice. To this, the Chairperson highlighted that the purpose of the CoI declaration is to establish accountability and even if an individual provides inaccurate information, the declaration can be used as a basis for subsequent action should there be any misconduct detected.*	**Noted the update with following specific directives:** • **Merely issuing an office order prohibiting the use of personal accounts for conducting company business is not sufficient. In addition to the office order, it was emphasized that clear notices/banners should be displayed at all counters. Such visible communication will serve as an effective sensitization mechanism for both staff and stakeholders.** • **While background verification may continue as a practice, it must be complemented by mandatory disclosure of CoI to ensure transparency and accountability.** • **Since the CoI framework has not been implemented to date, the PD was directed to clearly communicate on the disclosure of CoI as critical and non-negotiable while issuing an acknowledgement.** • **For all recommendations issued, agencies shall report on whether the measures have worked or not, along with supporting justification. In cases where the**

		recommendations did not yield the desired results, clear reasons for non-effectiveness must be documented and alternate measures adopted. This assessment shall form part of the annual update and be documented accordingly.
	The meeting discussed the consistency of follow up an implementation of systemic recommendations shared by the DoI and PD. To this, Commissioner In-Charge for DoI informed that existing cases will continue to follow the old format, while all new cases entered into the CIMS will use the new format. To streamline the process, the DoI will formally share the systemic recommendations with the PD.	**Directed the PD to discuss the recommendations with the concerned agencies through scheduled meetings. Following which, the agencies must provide written acknowledgment, confirming their categorical acceptance and implementation of the systemic recommendations. Also, directed to streamline and bring clarity in the roles and responsibilities of the Prevention Advisory Committee in the ACC.**
	Additionally, the ED updated on the migration of e-Learning course to the Government Data Center following issues hosting at the Royal University of Bhutan. To this, the team informed that the GovTech Agency intends to conduct a feasibility survey in the ACC.	**Noted.**
