#	AGENDA & DISCUSSION	DECISION
1	**Update on HR – HRS** *Apprising on the Expression of Interest submitted by Tshering Tashi, AIPO of PD, DoPE to apply for Cadet Officers training program, the HRS submitted that the HRC recommended adopting an internal policy prescribing a minimum service period for contract employees to complete prior to applying for employment outside the ACC.*	The Commission endorsed the HRC's recommendation to terminate the concerned contract. However, in going forward, it was decided that all contract employees shall be required to serve a minimum of one year before applying for opportunities elsewhere. This requirement shall be incorporated into all future contract agreements.
2	**Present analysis on the mail services – SS** *It was apprised that between January to May 2026, the ACC dispatched a total of 102 official letters, comprising 73 letters within Thimphu and 29 letters outside Thimphu. Despite dispatching an average of only 20-25 letters per month, the ACC incurs a monthly service fee of approximately Nu. 5,250 (inclusive of GST), in addition to separate EMS charges for letters delivered outside Thimphu based on their weight.* *While the average delivery time for mail within Thimphu was reported to be one day, the Commission noted instances of significant delays, including a case where a letter took 10 days to be delivered to the ADRC. It was pointed out that such delays adversely affect the timely delivery of ACC's correspondence, which are time sensitive and also has legal implications.*	Considering the time-sensitive nature of the ACC's official correspondence, the Commission decided that official mail within Thimphu shall be delivered internally using office vehicles, once the current fuel situation stabilizes. Consequently, the current contract with Bhutan Postal Corporation Limited should be terminated. In the meantime, directed the SS to formally convey our concerns to the Bhutan Postal Corporation Limited regarding the recurring delays in mail delivery and request that appropriate measures be taken to improve the timeliness and reliability of the service.

5	**Present draft MoU between the ACC and ACIB – PPD** The proposed MoU by the ACIB was reviewed in light of the proposed revisions. In general, the Commission pointed out that the draft should follow the format and language of the GMC. The Commission noted that the draft places greater obligations on the ACC while providing comparatively limited reciprocal commitments from the other. So, it emphasized that the MoU should be reviewed to reflect a balanced and mutually beneficial partnership.	The Commission revised the draft as attached **Annexure 2.**
