ANTI-CORRUPTION COMMISSION

COMMISSION MEETING FORM

MEETING NO.	8th Commission Meeting
DATE:	4th January 2021
TIME:	02:00 PM
VENUE:	Google Meet

#	AGENDA	DECISIONS
1	Review reporting period of the ACC's Annual Report – PPS *This was follow-up of 7th Commission meeting held on 29th December 2020.*	The Commission reviewed options and analysis to present the ACC's Annual Report, specifically to align the report to Calendar Year (Status Quo), Financial Year or the Commission's Term. In view of the opportunities to better align the performance reporting based on the existing target setting, budgeting, and evaluation framework, the Commission decided to revise the reporting period of the ACC's Annual Report to Financial Year as against the current Calendar Year. Apropos, the Commission decided that the reports henceforth will be presented for deliberation in the winter session of the Parliament annually. In keeping with this, the upcoming Annual Report will have to cover 18 months (from 1 January 2020 until 30 June 2021). Further, the Commission decided to inform the two houses of the Parliament, National Assembly and National Council, on this change.
2	Any other: - Development of an online application to record and manage Commission's decision	The Commission directed the PPS and ICT services to develop an online application (*app*) as a mechanism to record and keep track of the Commission's decisions taken in various meetings/forum such as decisions related to policy & strategic matters, complaint management, investigation & prosecutorial matters, legal & judgment matters, prevention & education, etc. The Commission directed to develop a simple yet effective and user-friendly *app* in a month's period. The app should provide comprehensive & integrated perspective on the various decisions besides facilitating timely interventions by the responsible Department/Division through reminders. To start with, directed the PPS to develop a clear requirement for the app, within a period of a week.
	- Promoting innovation and keeping abreast with technological advancement	The Chairperson highlighted that the ACC must leverage the rapid technological advancement (Bit Coin, Crypto currency, Big Data, Block Chain, Artificial Intelligence, FinTech, etc.) and ensure that the fight against corruption is innovative, responsive and relevant. Essentially, every staff in the ACC must be aware and capacitated to fulfil ones mandate effectively and intelligently.

		Hence, decided to discuss the measures to promote innovation as well as to keep abreast with the technological advancement in the ACC during the Agency Service Coordination Team meeting.
