ANTI-CORRUPTION COMMISSION

COMMISSION MEETING FORM

MEETING NO.	14th Commission Meeting
DATE:	14 February, 2021
TIME:	02:00 PM
VENUE:	CP's Chamber

#	AGENDA	DECISIONS
1	Update on the development of social media app and its guideline for reporting corruption – DoPS *This is follow up of the 12th Commission meeting held on 2 February 2021.*	DoPS and ICTS apprised the Commission on the alternate messaging software and application services for development of Social Media APP to report corruption. Of the two options proposed, namely 1) Picky Assist and 2) Tele Message, as the most viable application services for adoption, it was apprised that the earlier option only supports WhatsApp whereas Tele Message supports both WhatsApp and WeChat. Further, Tele Message has plans to launch in Telegram and Signal as well. *Proposal with payment schemes presented is attached.* Considering the reach, cross-platform operability and security features, among others, the Commission endorsed the recommendation to proceed with Tele Messages. To this, the Commission directed the DoPS & ICTS to immediately coordinate with the AFS & PPS in transferring payments related to subscription from available budget savings. Further, directed to pilot test before officially launching on 19 February 2021. With regard to keeping the name of the social media apps, it was suggested to think of something that relates to the mandate of the ACC instead of a number. The Commission also noted the draft guideline developed on managing the above social media apps, which will be presented to the Manuals/Guidelines/SOPs Review Committee.
2	Representative from the ACC to Debarment Committee – PPS	The Commission was apprised on the appointment of representative from the ACC to the Debarment Committee. As per Chapter two of the Debarment Rules 2019, representative from the ACC is required to be holding the position of a Director and above. Prior to this, Commissioner A Karma Rinzin, the then Director of DoPS, represented the ACC. To this, the Commission nominated Karma Thinlay, Director of DoPE as the new representative from the ACC to the Debarment Committee. Further, directed to assign a Legal Officer to assist the Director on any matters arising from the Committee.
3	Others: - Reviving the institutional	The PPS sought the directive from the Commission on reactivating long pending institutional linkage with the OAG by forming a task

	collaboration with the OAG – PPS	force led by the PPS. In this regard, the Commission informed that this must be preceded with formal agreement between the heads of the two institutions for enhanced trust and understanding while putting forward mutual areas of cooperation. To this, the Commission decided to explore initiating bilateral discussion with the Attorney General. In the meantime, the PPS was directed to also explore optimizing the existing communication platforms such as LEJCC to further collaboration with the OAG. In addition, the Commission directed the PPS to review the existing MoUs signed with the various national and international counterparts, and propose for renewing the cooperation including enhancement of areas of cooperation in view of the rapidly evolving context.
	- Royal Kasho on Education and Civil Service Reform	The Chairperson highlighted on the need to reflect on the recent *Royal Kasho* issued for reforming education and civil service system in the country. The Chairperson underscored the profoundness of the *Royal Kasho* in propounding values of ethics, integrity and professionalism. More importantly the Kasho also emphasizes on emerging corruption risks that the country may have to deal as it enters into the 21st Century. Hence, the Commission directed the Departments/Divisions/Services to review and analyze the *Royal Kasho* so as to ensure that the policies, plans and programs of the ACC are consistent with the reform initiatives and are spurred on further by the Royal Vision. Further, the ACC as an institution must make best use of this landmark opportunity in furthering our mandate of preventing and combating corruption in the country.
	- Update on the Innovation Dumra Initiative	The Commission directed the PPS to update on the progress of Innovation Dumra Initiative during the upcoming WWP & Management Meeting.

ACC/SECT-ICT/NOTESHEET/2020-21/441 16th February, 2021

Notesheet

Subject - Proposal for receiving complaints via Social Media Platform

The 12th Commission Meeting on the status of adoption of popular social media as an alternative mode for reporting corruption has directed the ICT unit to explore available technology that can facilitate such adoption without compromising confidentiality and checks and balances before 21st of February. Based on the Commission's direction, ICT Unit have explored available solutions and would like to submit 2 proposals for consideration and directions.

Proposal 1 – Picky Assist.

The Picky Assist with add on WhatsMail supports auto forwarding of messages received to specific email addresses. Besides forwarding incoming WhatsApp messages into specified email, it has the facility of replying right from the email. However, Picky WhatsMail is limited to whatsApp only. It is not applicable to other social media like wechat, Telegram and Signal.

Schedule of price for Picky Assist is as follows:

Sl. no	Particulars	Cost in Nu/Month	No of users per month
1	Base with WhatsApp Web Automation and WhatsMail	3,171.25	500
2	Medium with WhatsApp Web Automation and WhatsMail	3,540.00	1000
3	Large with WhatsApp Web Automation and WhatsMail	4,277.50	2000
4	Unlimited with WhatsApp Web Automation and WhatsMail	4,646.25	5000

Exchange rate is based on the rate of 16/2/2020

Screenshot of price schedule is attached as **Annexure I**

Proposal 2 – Tele Message

Tele Message has the WhatsApp Archiver and WechatApp Archiver and it has capability to forward the copy of chats, attachment and video to email automatically without intervention of

any users. Beside WhatApp messages and Wechat messages, Tele Message has plans of launching Telegram and Signal within 1.5 months.

However, Tele Message only sells to enterprises and not the individuals. Since they're not allowing spying - they allow recording only for corporate governance and compliance purposes. As for pricing plans, for less than 20 users, customers need to purchase a license for 2 years, and do a joint marketing (case study/testimonial - this is only in case you are pleased with the service).

Schedule of price for Tele Message is as follows:

Sl. no	Particulars	Cost in Nu	Total for 2 years
1	One time price for configuration of WeChat Archiver and WhatsApp Archiver (includes message routing, installation and onboarding of users)	Nu. 73750.00	Nu. 73750.00
After Configuration, following are two options			
Option 1			
1	WeChat Archiver (Chats-only recording)	Nu.2228.75 /user/month	Nu. 53490.00
2	WhatsApp Archiver (Chats-only recording)	Nu.2228.75 /user/month	Nu. 53490.00
3	Grand Total		Nu. 106,980.00
Option 2			
1	WeChat Archiver (Chats + calls recording)	Nu.3120.25 /user/month	Nu.74,866.00
2	WhatsApp Archiver (Chats + calls recording)	Nu.3120.25 /user/month	Nu.74,866.00
3	Grand Total		Nu.149,772.00

Screenshot of price schedule is attached as **Annexure II**

Screenshot of price schedule is attached as **Annexure III**

Recommendation:

Considering the need of the Commission, ICT Unit feels that Tele Message has more utility and greater prospective than Picky Assist.

Submitted for direction and approval

Annexure II

We can also record traditional SMS, MMS, Calls - as well as WeChat communication.

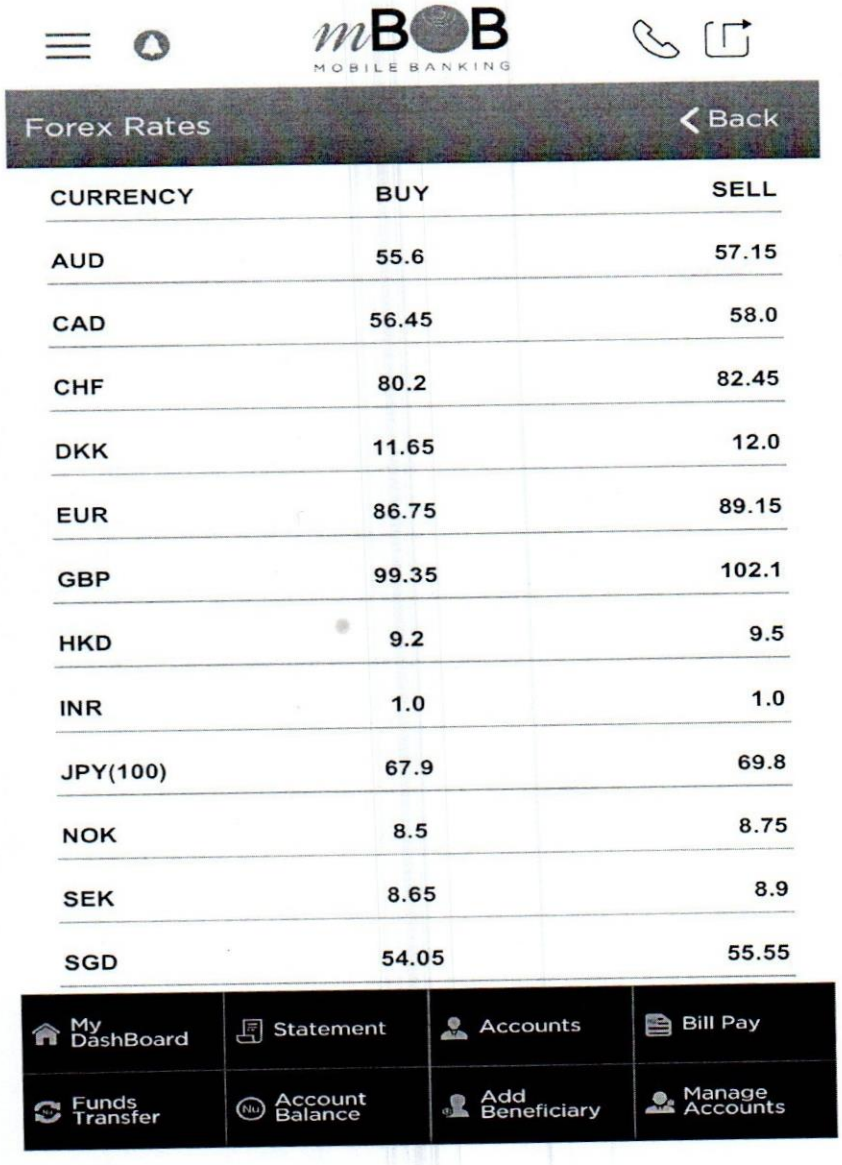

We are launching Telegram and Signal recording in 1.5 months.

The cost for WhatsApp recording is:

- One time setup: $50 / user one-time (includes message routing, installation and onboarding of users - has a minimum of $1000)
- WhatsApp archiving license: (an annual basis)
  - Chats-only recording: €25 /user/month
  - Chats+calls recording: €35 /user/month
