#	AGENDA	DECISIONS
1	Endorsement of APT for the FY 2021 - 2022 – PPS	The PPS presented the final draft APT for the FY 2021 – 2022 to the Commission for endorsement and directives. The PPS apprised the Commission that the final draft APT is an outcome of exhaustive review & consultation conducted on the success indicators and trend values with the representatives from various Departments, Divisions & Services on 22 March 2021. To this, the Commission approved the APT consisting of **55 success indicators** apportioned among the six Departments, Divisions & Services with a total budget estimate of **Nu. 175.954 million** (Current – Nu. 100.959 million & Capital – Nu. 74.995 million). *Attached the APT 2021 – 2022 power point presentation.* Some of the specific directives of the Commission were as follows: • PD to ensure that the promotion of BIIB to new private companies is based on the findings emanating from the monitoring & evaluation of the existing signatories. • While the development of ADS is expected to be completed by February 2022, the ADMD in the meantime to initiate required changes in the existing system to facilitate sharing of information related to late and non-declarant with the RAA. • Since the officials under Forensic Unit are directly attached with investigation teams in the field, gauging performance based on the request form may not be reasonable. To this, directed the PPS to revisit the target and trend values in consultation with the officials concerned. • Success indicator on '*grievance related to seized properties received*' must be qualified to consider only those genuine grievances acknowledged by the Commission on the basis of sheer administrative lapses. • Given that there are numerous ICT projects planned during the financial year, directed the ICTS & PPS to revisit the target of launching the ACC Intranet.
