#	AGENDA	DECISIONS
1	Present review of the ACC's networking initiatives - PPS	While reviewing the networking initiatives either established through a Memorandum of Understanding (MoU) or are in the process of formalizing, with both national stakeholders as well as regional/international counterparts, the Commission underscored that any such future collaborations must be with the primary objective to streamline collaborative efforts in the day-to-day affairs or internal operating standards of the respective agencies. Hence, the Commission decided to pursue signing of MoU including renewal with only those agencies, in particular the national stakeholders, which have expressed the interests. As far as possible, the Commission instructed to initiate collaborative efforts through bilateral meetings at the working or Commission level as deemed necessary. *Detailed review and stock taking of networking initiatives presented to the Commission is attached.* In view of the above, the Commission decided as follows: • Renewal or signing of new MoUs with the CSOs to be initiated with extra caution considering the limited collaborative efforts initiated under the existing MoUs with the CSOs. PD, DoPE to recommend any prospective areas of collaboration with the CSOs in keeping with the implementation of CSO Engagement programme or emerging corruption vulnerabilities. • Renew MoU with the RAA, OAG and NLCS as agreed during bilateral meetings with improved areas of cooperation. • Whereas, renewal with those existing MoUs with the RCSC, MoFA, RMA, RSTA, CDB and NSB (which has expired) to be put on hold given that the collaborative efforts are well on board except in few areas especially related to the RMA. Instead, in view of on-going initiatives to integrate ADS and CIMS with business systems of other data repository agencies, including those aforementioned agencies, bilateral meetings led by Commissioner In-Charges to be arranged immediately with the RCSC, RSTA, RMA, CDB, MoHCA (Dept. of Civil Registration & Census & Dept. of Immigration), MoF (Dept. Public Accounts & Dept. Revenue & Customs), MoEA (Dept. of Trade & Dept. of Industries), RSEBL and CIB. However, with regard to bilateral meeting with the RMA, PPS to find out

		whether data integration is with business systems of respective financial institutions or RMA, wherein the latter has not direct system to furnish the information concerning the financial institutions. • Sign MoU with the JSW School of Law in keeping with the interest expressed to the ACC. • For agencies like the Dept. of Local Governance (MoHCA) & BICMA, bilateral meetings may be coordinated at an appropriate time. • Given that the support from the RBP has been noteworthy, signing of MoU is not required. • With regard to regional/international counterparts, it was noted that the collaborative efforts so far has been much more successful both in terms of providing technical assistance as well as seeking. Hence, expired MoUs with the MACC, BIG and ACC Bangladesh to be renewed as deemed convenient. In addition, the Commission directed the PPS to look into reviving partnership with Central Bureau of Investigation (CBI), India and forging new partnership with the counterparts in the SAARC region, in particular Commission for the Investigation of Abuse of Authority, Nepal and Commission to Investigate Allegations of Bribery or Corruption, Sri Lanka. At the regional/international level, the Commission reiterated on signing of MoU with the Independent Commission Against Corruption, Mauritius and International Anti-Corruption Academy, Austria. Further, the Commission also endorsed establishment of a regular platform to monitor, review and strengthen existing collaborations both within and outside.
