ANTI-CORRUPTION COMMISSION

COMMISSION MEETING FORM

MEETING NO.	32nd Commission Meeting
DATE:	15 June, 2021
TIME:	02:00 PM
VENUE:	Hearing Room

#	AGENDA	DECISIONS
1	Policies, plans and priorities on Long-Term Training (LTT) programs – HRS *Follow-up to 31st Commission Meeting held on 8 June 2021*	The HRS apprised the Commission that about 59 staff do not have master's degree, under P&M category alone, against the total 147 staff in the ACC (including the Commission, Drivers, GSP/ESP). Whereas, in the 12th FYP, the total approved LTT slots is just 26. Against this, only seven slots have been availed so far including three slots under ADA funding, two under JICE JDS funding and one under RGoB funding at RIM. To this, the Commission raised concerns over surfeit of staff without master's degree even if the 12th FYP targets are fulfilled. More than the numbers, the Commission highlighted that individuals might cross age limit by the time one gets the opportunity. Moreover, given the current situation, it was discussed that returning to normalcy any time soon is very unlikely forget about sending individuals for LTT programs. In the view of the above, the Commission directed the HRS to: • conduct in-depth analysis on the profile of the staff without master's degree vis-à-vis age, function and institutional disposition. • explore alternative strategies to avail LTT programs such as through online, in-country, cost-sharing scholarships, among others to address the matter. However, reiterated the need to quickly develop and adopt policy and procedure to maintain minimum work force for both undergraduate and postgraduate LTT programs. Optimize the upcoming QSM to generate practical solutions on the same. • further on the other hand, explore means to make short-term training programs enterprising irrespective of whether it is virtual or face-to-face. • accordingly, take up the issues with the RCSC and HPM for immediate interventions on some of those issues. To this, the draft proposal on LTT, due for submission to HPM, was directed to be presented to the Commission.
2	Grievance Redress Mechanism	PPS & LD presented the revised draft GRM developed after

	(GRM) in the ACC *Follow up to the 31st Commission Meeting held on 8 June 2021*	three rounds of consultation with the staff (2016, 2018 & 2019) for adoption and implementation. *Power point slides on the draft GRM is attached.* However, the Commission raised the need to reduce administrative layers in the proposed draft GRM so as to promote conducive, responsive and speedy resolution of any grievances. Further, the mechanism must promote trust and confidence among the staff to lodge any grievances without any inhibition. Hence, the Commission directed the PPS and LD to once again seek further comments from the staff during the upcoming QSM.
