#	AGENDA	DECISIONS
1	Revised draft proposal to conduct system study on Community Contracting Protocol – PD *Follow-up to the 31st Commission Meeting held on 8 June 2021.*	While the Commission endorsed the revised proposal in principle, PD was directed to: • include clear deliverables of the study to enable selection of appropriate approach to undertake the study either jointly by the ACC & Consultant or by the ACC alone upon distinguishing required competencies under each approach. To this, detailed desk review may assist in determining concrete deliverables. Further, considering the sustainability of conducting such system studies, option related to outsourcing the entire work to a consultant/firm was directed to be excluded. • ensure that the timeframe to conduct the study corresponds before the finalization of Community Contracting Protocol by the DLG to maximize from the study findings. • hereafter, engage PAC to seek advice in finalizing the proposal including the methodology, approach, deliverables and timeframe. Accordingly, adequacy of current budget allocation (Nu. 0.536 mn) for the study may be reviewed to ensure that the objective of the study is not undermined. • present to the Commission, once the proposal is ready for implementation.
2	De-suung Volunteers	The Commission emphasized the importance of supporting national priorities to safeguard from the current pandemic as well as the need to ensure that the primary institutional mandates are not undermined. It was noted that substantial progress has already been slackened due to pandemic. If appropriate strategies are not introduced, it is inevitable that the percentage of backlog of complaints/cases will worsen and also render prevention & education programs ineffective. Hence, it is critical to exercise utmost prudence in deploying volunteers for De-suung duties while also keeping the primary mandates into consideration. To start with, the Commission stressed on the deployment of

		those staff from support services and gradually from the core functions depending on the criticality of assignments. In this regard, the Commission directed the HRC to further discuss on the matter and accordingly identify De-suung volunteers. Alongside, the Commission directed to also revisit the APT and IWP to capture above assignments.
3	Others: i) Nomination of women representative in the HRC	Formalize the HRC decision with office order.
	ii) NOC policy	Directed the HRS to review the implementation of existing procedures on seeking NOC and accordingly deliberate in the HRC.
