ANTI-CORRUPTION COMMISSION

COMMISSION MEETING FORM

MEETING NO.	50th Commission Meeting
DATE:	12 October, 2021
TIME:	02:00 PM
VENUE:	Virtual

#	AGENDA	DECISIONS
1	Way forward and directives on IVS - DoPS	The Commission in principle endorsed the SRS developed by the IVS project team and advised to consider it a living document. Noting that the recruitment of the Sr. ICT Officer has not attracted a single applicant, the Commission directed the HRS to re-announce the vacancy given its critical need. At the same time, the project team was also asked to prompt applicants through personal acquaintances, if any. Further, the Commission advised the team to start exploring the option of outsourcing the system development. With regard to the additional cost that may be involved in case the project is outsourced, the Commission directed the following: • Re-appropriate from the existing budget under CIMS enhancement project given that the existing budget will not be exhausted even after procurement of hardware and tablet. • Share the developed SRS with the consultant hired for enhancement of CIMS & ADS to ascertain the estimate for the IVS project. In addition, the Commission also advised FDD, DoPS to exercise due diligence in punching the data to ensure reliability of data which in turn can have huge impact on the credibility of the institution.
2	Proposal on MacBook - ICTS	In view of the poor performance of windows laptop vis-à-vis the sensitivity of job to maintain highest confidentiality & security of all data, and issue of piracy associated with the refurbished equipment, ICTS presented the following two proposals on issuing MacBook on cost sharing basis: i. 70% by office & 30% by user/individual; and ii. 60% by office & 40% by user/individual. The above proposals were also in keeping with some of the existing practices in issuing MacBook. To this, the Commission directed the following: • In view that the issuance of new laptops to all staff at a time is difficult as there is no separate budget, ICTS to strategize the issuance in such a way that those staff whose renewal is

		due are given preference. • To kick start, 11 staff whose renewal is due and new staff that will be joining the office will get the option to choose either the one distributed by the office or MacBook Air/Pro. Keeping the cost of the laptop currently supplied by the office (i.e. Nu. 71,000.00) as the benchmark, the individual who chooses MacBook Air/Pro will have to bear rest of the expenses. However, those who are fine with the laptop supplied by the office, they will be given the same. • In case if one of the staff whose renewal is due still prefers to go with the laptop supplied by the office, the next person in line whose renewal is due in the coming year will be given the chance to choose the laptop. • In view that the MacBook will need additional accessories, ICTS to remind staff on the same while giving options.
3	List of data to be shared for ACA Strengthening Initiative Assessment conducted by the TI – PPS	Given that the assessment findings can be instrumental in demystifying some of the perceptions about the ACC and its internal control measures, the Commission directed to share all data requested by the Consultant except for documents related to interview techniques. With regard to sharing data on list of 'influential individuals' investigated by the ACC, the Commission directed to compile and share all the media clippings pertaining to the ACC's investigation since the term 'influential' is quite subjective.
