COMMISSION MEETING FORM

MEETING NO.	67th Commission Meeting
DATE:	08 February 2022
TIME:	2:00 PM
VENUE:	Virtual (http://meet.google.com/zmf-hjcy-bmo)

#	AGENDA	DICSUSSIONS
1.	Update on ADS and ToT- ADMD & ICTS, SS	The Division presented update on follows: • Based on the direction of the 54th Commission Meeting, the ADS has been proposed to be stored in Government Data Center (GDC). However, the system is still in staging stage as the second scanning by BtCIRT showed new vulnerabilities which is being addressed. Moreover, the BtCIRT system has been also down. However, the division request BtCIRT to resolve the issue latest by 10 February before the test run and ToT scheduled from 11 February. • The migration of old data to new ADS is pending as the process involved data cleaning which may take some time. However, this will not have impact on the ToT and the migration can be done simultaneously. However, if the migration is not done before declaration period, then the declarant for 2022 will have to put the data as it will not be populated. In this regard, the Commission iterated that it is important to ensure that the old data are stored. Thus, the division to ensure that the old data is migrated to the new system in due course. • Of the 213 ADAs, only 165 participants have been confirmed as the remaining 48 were either on COVID duty or had no access to their laptop given the lockdown. However, the division have plan to conduct training to the remaining ADAs in March. • Given that two teams will conduct the training simultaneously, the division have finalized the content of their presentation. • The initial plan to group participants based on agencies has been revised to form four groups of 40-45 participants given the need to have similar workload on all the group. Towards this, the Division proposed to give 999 data to the participants. In terms of proving

		data, the Commission advised to adhere to the Guideline for use by the ACC in the Reimbursement of Data Packages and Cellular Phone Calls. • The division presented the declaration form in Dzongkha. Towards which Commission gave their comments which the division will revise and submit to consultant for inclusion in the system. • The old AD system has been down because of change in declaration period but some ACC staff requested to open the system for information related to case. Towards this, the Commission directed to resolve at the working level and see what works best. The Commission noted the overall update on the system and applauded the division for being adaptive on ToT given the situation.
2.	Update and way forward on electronic signature- ICTS, SS	Based on the directive of the Commission, the ICTS piloted the electronic signing through *eversign* for the HRC. The overall feedback from both the user and administrator was good. Thus, the ICTS presented following two options on subscription to *eversign*: 1. 5 user for a year @ Nu. 35,925 or 2. 15 users for a year @ 57,925. In this regard, the Commission noting the importance of electronic signing, more so with the establishment of the Regional Offices, recommended to subscribe the second option i.e. 15 users. However, directed ICTS to consult LD on the legality on electronic signing.
