#	AGENDA	DECISIONS
1.	Seek Commission's decision on the suspension of business licenses involved in Case 12/2021– DoI & LD	Of the 12 business licenses involved in case 12/2021, the team recommended decision on nine licenses based on the prima faice of the case as per 24 1(g) of ACAB 2011. However, some members raised concern on need to draw clarity on the interpretation of section 24 1(g). The reason being, the objective of suspension of license based on the Section is *'to prohibit an individual or entity whether national or foreign from participating in contractual relations with public agencies till pending the outcome of the case'*, however the members feel that the intent of suspension is not only to prevent individual/entity from contractual relation with public agencies but to prohibit from conducting any business activity. Towards this, before providing decision on the case, the Commission directed DoI and LD to work together involving officials of Office of the Attorney General if necessary to draw clarity on the interpretation of the Section and develop an internal policy on suspension for reference. Based on the policy, the Commission to provide its decisions on the case.
