3	Seek endorsement on registration of complaints in CIMS – DoPS	In view of the CEC's proposal to drop the complaints which are not of corruption nature in the CIMS, DoPS sought formal endorsement from the Commission whether to drop from registering in the CIMS or register it as usual. To this, the Commission directed to register such complaints as usual considering the following: • ACC receives negligible number of such complaints. • For official record. • Will aggravate the people's perception that the ACC picks and chooses complaints if dropped at the departmental level.

The proposal of ACC of supplementary budget of Nu. 16.317 million (mn) has been proposed to be reprioritized from the JSP given its linkage with the objective and outcome of the programme. Towards this, based on the assessment of budget balance, the Project Management

		Unit (PMU) at OAG and the GNHC, an amount of Nu. 12.000 mn against Nu. 16.317.000 mn has been proposed for endorsement, which the JCWC endorsed and to be put up to Project Steering Committee for final approval. However, given the need to deprioritizes some budget to accommodate the new proposals (Total Nu. 32.815 mn including the Nu. 12.000 mn of ACC), activities which entails ex-country travel and having less than 50% expenditure were advised to be deprioritized. Towards this, given that the mandatory training for the current financial year will be conducted virtually and will entail less expenditure, the Component Manager (CM) proposed to deprioritize Nu. 2.000 mn from activity *1.3.3 Attend mandatory trainings to professionalize core function in particular investigation of corruption cases*. The Commission raised concern on the rational of PMU of providing the supplementary fund at the cost of reducing fund from other activities. Nonetheless, the proposed reprioritization of Nu. 2.000 mn from activity 1.3.3 as proposed by CM was endorsed.
