#	AGENDA	DECISIONS
1.	Present note on HR Rationalization Plan- DoPS Director & HRS	In an effort to optimally utilize the existing Human Resource to achieve the mandate, a concept note on 'Rationalization of Human Resources in ACC' was developed. The same was recommended during the Director's Forum held on 30 March 2022. The Commission adopted the note with specific comments as follows: • While the culture of fluidity will help in pulling the required HR in carrying out an assignment, nonetheless, as reflected in the note, fixing accountability will be a challenge because of Annual Performance Target (APT) and individual work plan (IWP). Thus, directed PPD to re-look into formulation of indicators and its evaluation at the end of FY. • Give examples or plans of action under *Rationalization 1: Establishment of Agile system within ACC* and *Rationalization 2: Establish a culture of fluid Movement within ACC* to show practical way of going ahead. • Point out the rigidity and its associated issues of not being able to recruit the approved staff with the currently set up of being under RCSC. Given that even in its 17 years of operation, the ACC has not been able to operate under full capacity or projected human resources, and with mean age of staff at 34, the need to determine the active workforce has become crucial. Thus, directed HRC to expiate the adoption of the LTT policy.
2.	Discuss on the Financial and Allowance rationalization plan - Commission	In pursuit of cost effectiveness and to ensure optimal utilization of the financial resources, Commissioners developed a draft note on Rationalization of Financial resources including the ACC Allowances. Others: *i) Disposal of washing machine at ECCD* *ii) Postponement of launching of YIA and SAP report and Hard Facts*	The ACC received a washing machine from National Commission for Women and Children for the ECCD. However, the machine could not be used due to the water shortage. Towards this, the Committee member of the ECCD proposed to either give back to NCWC and ask for TV in replacement or sell and use the fund for management of the ECCD. Upon communication with NCWC, they recommended to sell the machine and also informed on their willingness to give TV. Thus, the Commission as recommended by the committee, directed to issue ROI to the staff of ACC on purchase of the machine. 'EXPRESSION OF INTEREST' Secondly, the committee apprised the Commission that they have received a donation from USA for the management of the ECCD.
