COMMISSION MEETING FORM

MEETING NO.	93rd Commission Meeting
DATE:	24 August 2022
TIME:	02:00 AM
VENUE:	ACC Choeshum

#	AGENDA & DISCUSSION	DECISION
1.	**Discuss on the recent increase of applications for leave/resignations- Management** *The office order on the need to maintain 90% active workforce and staff intending to resign to give 3 months notification was issued on 1 July 2022. However, the recent surge in in application for leave/resignation, especially from DoI is a concern. Towards this, Commission directed the management share their concern and suggest way forward.* *At the department level, in order to ascertain the number of staff intending to resign or avail EOL and see way forward, DoI floated a survey. From the survey, it was noticed that in next 6 months, 22% intended to apply EOL; 35%- LTT; 30% - Resign-30% & 27%- leave/get transfer.* *Generally, the management noted that, individual needs to balance institutional goal vs individual goal and the LTT policy is for agency to have succession planning. The 3 months' notice period is also to discourage staff from informing at the last moment as it inhibits succession planning. In BCSC, there is provision to retain an individual for 6 months and while under normal circumstance it is ok but when in mission mode, we may have to use that provision. On the other side, there were concerns raised on how such measure may affect the attraction of future prospect candidates and more so, leaving employee are ambassador and agency needs to send them on good terms.* *Therefore, following suggestions were made:* • *Talk with RCSC and go for head hunt since no applicants are interested to join*	• **HRS to float online survey to know the scenario and plan accordingly.** • **Agility and flexibility in work should be there without crippling each other's mandate.** • **Commission to talk with RCSC on giving ACC the priority for those staff which are being merged due to the reform but attitude and track record of the individual should be considered.** • **Whatever decision is made by the Commission and HRC, the management should communicate the same to its subordinate and drive its implementation.** • **The 3 months' notice period is minimal and it's only been 1 month of the implementation of the policy. Moreover, the ACC is in mission mode and the need to put extra efforts is imperative, thus management needs to its take leadership role. Institutional interest needs to be upheld.** • **HRC and SS to ensure that the recruitment is rigorous.**

	especially DoI (based on recent vacancy announcement). • *HRS to speed up the recruitment.* • *Recruit on contract basis. But, concern of the contract term generally being 2 years and it being a temporary measure was raised.* • *Learning from the recent announcement, future announcements to not reflect departments against the post and based on the merit, the applicant can choose departments/divisions.* • *While recruitment from outside is another option but internal transfer of individual who have investigation background to DoI is another option. Moreover, placement of new recruits in DoPS/DoPE, ect and then transfer to DoI only ensures agility in work. However, concern of internal transfer being a reason of people to leave was noted.* • *Accelerate training and induction of the new recruits.* • *Because of reform there are department/divisions being reduced, thus Commission can talk with RCSC and give those individual to choose ACC as an option for placement.* • *Talk with RCSC for deputation opportunity to ACC.* • *Learn from the departing employee their reasons and implement measures to retain them eg: study opportunities; work life balance, etc.*	
2.	**Continue presentation of Guideline on Information Enrichment- DoPS & Guideline Review Committee** *In continuation to the 92nd Commission Meeting, DoPS presented the guideline on IE to the Committee. While specific comments on the guideline were noted, the Committee suggested follows:* • *While CMOs conduct preliminary fact finding before appraisal of complaints in CEC/CM, the need to do pre IE on complaints is seen necessary so that in near future, the appraisals are exhaustive and IE need not be assigned after CEC/CM;* • *Given the HR constrains and need for agility between department/divisions, CMO can help in investigation during the course*	• **Pre IE on complaints to be done by department before presentation to CEC/CM. For that matter, need to reconsider the TAT on complaints in APA/Guidelines.** • **CMO to help in investigation during the course of IE in consultation with the Rapid Response Team of DoI. DoI to lead the investigation until the CMO are well trained. Necessary changes to be reflected in CIMS as well.**

3.	**Seek approval on the benefits for Regional Office staff- PPD** *The Commission during the 74th Commission Meeting adopted the Operational Plan for the Regional Offices. However, directed to remove the benefit section and adopt it as an agenda in HRC. Towards this, during the 68th HRC Meeting held on 23 August 2022, the agenda was tabled and discussed. The members felt that since it is a policy direction, the appropriate authority to approve the benefits are the Commission and recommended to be put up in Commission Meeting.*	**To attract and retain motivated and committed professionals to carry out the risky and unsociable work, an incentive packages was approved for the ACC by 55th Session of the Lhengye Zhungtshog in 2009 (45% of basic pay for investigators & related professionals; & 20% of basic pay for others). With the formal approval of the Regional Offices from Lhengye Zhuntshog vide letter no. *C-3/123/2022/1335 dated 4 August 2022*, and the staff at RO having to carry out the mandates of investigation, prevention and education, the 45% allowance to RO staff is approved. HRS to issue office order and AFS to make the payments as per the transfer order.**
4.	*Others:* i. *Compendium of forms*	**All department/divisions to make compendium of forms related to their services and upload in drive.**
