ANTI-CORRUPTION COMMISSION

# COMMISSION MEETING FORM

| | |
|---|---|
| **MEETING NO.** | 29th Commission Meeting |
| **DATE:** | 22 January 2019 |
| **TIME:** | 2:00 pm |
| **VENUE:** | Chairperson's Chamber |

| # | AGENDA | DECISIONS |
|---|---|---|
| 1. | Discuss sharing of complaints- DoPS, TSD & CEC members | The agenda was put forth by the Commission in order to discuss/review functioning of CEC, respective roles and responsibilities and the decision making process to better manage the complaints.<br>DoPS apprised that the management of complaints has improved considerably. However, there are issues related to communication and attendance of CEC members – no quorum to conduct meetings, which in turn is impacting the achievement of Annual Performance Target (APT) of the department further cascading down to the Individual Work Plan (IWP).<br>In this regard, the Commission directed the followings:<br>• The members of the CEC must dedicate time for the scheduled CEC meeting.<br>• DoPS to develop a checklist on the extent/level of information verification to be done on complaints before CEC meeting.<br>• In gathering information, the departments/divisions to make optimal use of information available in house such as the Assert Declaration System and access to online databases of other agencies.<br>• DE has been merged with IE. Therefore, any information enrichment on complaints (*as part of CEC/CM decision*) must be done by DoPS. Further, CEC/CM must define the scope of IE. TSD will provide technical support services (*for which there are separate policies and procedures in place*) in terms of physical surveillance and digital forensic examinations where required. TSD is not part of CIMS (there is no module for TSD).<br>• The members apprised that, although there is a standard complaint reporting form, complaints are received as reported by complainants (*not in a structured/prescribed form*) through various modes. Therefore, quality of complaints is an issue, and the ACC may need to implement receiving the complaints in the prescribed format strictly. |
| 2. | Proposal on creating Asset Declaration Division- PD, DoPE | Endorsed the proposal to upgrade AD Section under the Prevention Division to a full-fledged AD Division with minor corrections:<br>• *Background:* Give more contexts on the potential of the |

| | | |
|---|---|---|
| | | Assert Declaration (AD) system as a powerful accountability tool in preventing corruption. A current situation analysis to be included whereby the current challenges faced is detailed out.<br>• *Staffing:* Approved in principle the proposal for 7 posts including three posts already approved (& staff in place – 2 officer and 1 staff). Further:<br>i) Increase Officer post from 2 to 3 and decrease staff at diploma level from 5 to 4. Having more staff at officer level will enable the division to enhance its work on the wider aspect of AD system in embedding ethics and integrity.<br>ii) Consider one staff with ICT background instead of 2.<br>iii) Of the 4 additional post of IP Assts. the Department to revisit and confirm the posts to be adjusted against approved posts and new post creation.<br>• The Department to develop TOR detailing out clear job description along with qualification required.<br><br>Directed DoPE to finalize the proposal and submit to the HRC for consideration as a priority for further submission to the RCSC for approval. |
