#	AGENDA	DECISIONS
1	Present the draft concept note on development of Competency-Based HRD master plan- PPS *In reference to the 40th Commission meeting held on 2nd July 2019.*	In general, the Commission appreciated the comprehensive concept note on Competency-Based HRD master plan developed by Rinchen Namgay and Kinzang Wangchuk. The Commission endorsed the proposal to constitute a Task Force consisting of a member each from Department/Division/Services to further work on the draft. The following members, as recommended after discussion with the heads, were formed: i. Leki Dendup, Chief IPO, DoI; ii. Namgay, Chief Research Officer, DoPE; iii. Ugyen Tshering, Chief CMO, DoPS; iv. Phuntsho Namgay, IPO, TSD; v. Kezang Dema, Legal Officer, LD; vi. Rinchen Namgay, APO, Secretariat Services; and vii. Kinzang Wangchuk, HRO, Secretariat Services. Further, PPS to support the Task Force in developing the plan. The specific comments on the draft, among others, were: - Consult all the staff through one-to-one or focused group discussions; - Institutionalize in & ex-country HRD areas (short & long term), including mandatory trainings required at various stages and certain intervals; - Also maximize the opportunity of providing in-house and in-country trainings at various stages, including learning from our own experiences; - Identify technical competency gaps in different functions and positions, besides the generic competencies required of the ACC staff; and - Explore possibilities of incentivizing the best performers while also ensuring to build competencies of the non-performers. The team was directed to also refer to HRC minutes on leadership trainings, etc.
2	Propose to conduct assessment of institutional/organizational performance- PPS *As advised by the Commission and also as discussed during the 2nd Directors' Forum held on 29 April 2019.*	The Commission decided to conduct a comprehensive assessment of the organizational development & performance, in principle. Directed PPS to develop a concept paper defining the scope and methodology of the assessment and submit to the Commission. The timeframe for the exercise to be from July 2015.

3	Review and adopt the annual review of the APT for the FY 2018-19- PPS *The Success Indicators (SI) contingent on Commission's decision and external factors were presented to the Commission for review. This was as per the discussion of the management in its meeting held on 19 July 2019.*	The Commission assessed the scores assigned to the SIs which were not within the control of the implementer (Department/Division/Services), either affected due to Commission's directives or the external factors. The specific decision of the Commission were as follows: i. SI on *Questionnaire for Policy Customer Evaluation Index reviewed & finalized*: The activity was dropped upon the directive of the Commission as separate research on "Corruption in Policy Making" was decided to be carried out during the Mid-Term Review of the APT. However, by the time Commission accorded the above decision, the RD already reviewed the questionnaire based on the findings of the pilot test data and was left with consultation only. In view of the above, the Commission revised the score as "Very Good" (90%) from "Poor". Further, directed to keep record (minutes of the discussion) of any changes in the activities hereafter. ii. No changes in the score (Very good) related to SI on *Protocol on system studies developed and finalized*. The protocol was finalized only after its presentation to the Commission on 4th February 2019. iii. SI *Guidelines related to DoPE finalized and adopted*: Only guideline related to NIA was presented and endorsed by the end of June 2019 against the target of two. Hence, decided to maintain the status quo (Very Good category). iv. SI on *Organizational Climate Index survey conducted:* In view of the delay in approval of the Capital Budget, the assignment started in the mid of May 2019, while the target was to conduct by March 2019. Further, the report finalization was also delayed due to directive for further improvement in the statistics/data of the report. Hence, revised the score as "Good" from "Poor". v. *Enhance CCTV to improve infrastructural security:* The activity was contingent on capital budget savings in the FY. Although budget was not approved by the MoF, the Secretariat Services initiated re-appropriation of the budget and installed CCTV and made functional by June end. While the budget savings was only ascertained late (in April), the target value was not revised during the MTR by the Secretariat Services. Hence, revised the score as "Good" from "Poor". vi. SI on *Standard modules on ethical leadership developed*: The Department developed a draft module in March 2019. However, later the assignment was outsourced to make it more comprehensive. On the other hand, looking at the budget proposal, the Department did propose budget for hiring professional services to develop the module. Nonetheless, the score was revised to "Fair" from "Poor" category.

		vii. *Institutional Motivation & social security Fund for the staff operationalized* was not achieved within the specified timeline but substantive effort was made to revise and resubmit the proposal to the Office of the Gyalpoi Zimpon (OGZ) and it is still under review. The activity is not in ACC's control though the Commission constantly followed-up with OGZ. Hence, score of the SI was revised to "Good" from "Poor" category. viii. SI on *Debarment Rules revised and adopted:* The activity involved conducting additional stakeholder consultation meetings with Government Procurement Officers and contractors. Due to budget constraint, the consultative meetings were delayed to be conducted back-to-back with the procurement officer's meeting organized by GPPMD and contractor's meeting organized by CAB. Hence, Commission revised the score as "Good" for undertaking additional activity despite limited budget. ix. The score related to SI *Formulation, Monitoring & Evaluation of strategies, programs and plans conducted* was revised in keeping with the specific activity on launching of NIACS not being in the control of the ACC, while it was presented to CoS and the Cabinet. In addition, foresight exercise was also conducted. Hence, scored the SI in "Good" category. x. Decided to use the annual audit conducted for the FY 2016-17 to assess the SI *Administration, Finance and Procurement services performed as per the rules and procedures applicable*. The audit for the FY 2017-18 was not conducted as the RAA did not include in their audit schedule as the ACC falls under the low priority category. To this, the audit report of the FY 2016-17 published in July 2018 was used and scored the SI in "Excellent". xi. Lastly, the SI "*Average aggregate rating of ACC leaders from leadership feedback system*" was decided to be rated only after completing the feedback for the FY.
